## PROFILE :

I am an aspiring Computer Science student with a passion for technology and a diverse skill set in programming and web development. Currently pursuing a Bachelors of Computer Science, I am eager to contribute my knowledge to innovative projects.

## PROJECT :

- GreenBin : A web platform which is made for managing and controlling the waste management sector of our rural and urban areas for government bodies and people.(Created as part of an hackathon)
  - Worked as a team to create this project under 24hr.
  - Created the User experience part using React.js.
  - Has three panels for three types of users.

[Git](#)

- CloudBag :This web app redefines studying. Cloud storage lightens your load, quick access for reviews. AI support boosts learning, while smart note-taking simplifies.
  - Designed and implemented database models.
  - Designed User Interface for the platform.
  - Worked in a team environment to finish this project.

[Git](#)

## EDUCATION :

- Bachelors of Computer Science College of Applied Science (CAS) IHRD, Calicut (2021 - Present)

## EXTRA CURRICULAR ACTIVITY :

- Director of Photography (DOP) for two Short Films

*MOUNAM (In Post Production)* A compelling portrayal of a stressed and depressed teenage boy's emotional journey, as he copes with the absence of his family. The film explores the complexities of family dynamics and the impact on one's mental well-being.

*OZHUKKU (In Pre Production)* An upcoming project that takes viewers on a captivating journey through rivers, symbolizing the challenges and choices we face in life. Through stunning visuals, the film delves into the paths we choose and the obstacles we overcome.

## SKILLS :

• Programming Languages : Python, C++, C, Java • Web Development : HTML5, CSS3, JavaScript(ES12), Node.js • Web Frameworks : React, Express, Bootstrap 5 • UI/UX Designing : Figma • Databases : MongoDB, PostgreSQL • Version Control : Git, Git Bash • Adobe Creative Suite : Proficient in Adobe Photoshop, Adobe Illustrator

## LANGUAGES KNOWN :

- English, Hindi and Malayalam
